

Multiply: Knitting Beginners

About the Course

On this course you will learn essential knitting skills while gaining practical knowledge about calculating stitches, equipment used and different yarns. In addition, you will learn how to read a knitting instruction and complete a simple knitted project on the course.

Course Learning Outcomes

- Learn how to use knitting needles safely
- Learn how to read and follow a knitting pattern
- Calculate the number of stitches on a knitting pattern
- Identify and use basic knitting stitches such as 'stitch'/'purl'
- Increase and decrease stitches whilst following a pattern
- Complete a small project

Please note: To successfully complete this course you must commit to 100% attendance and punctuality.

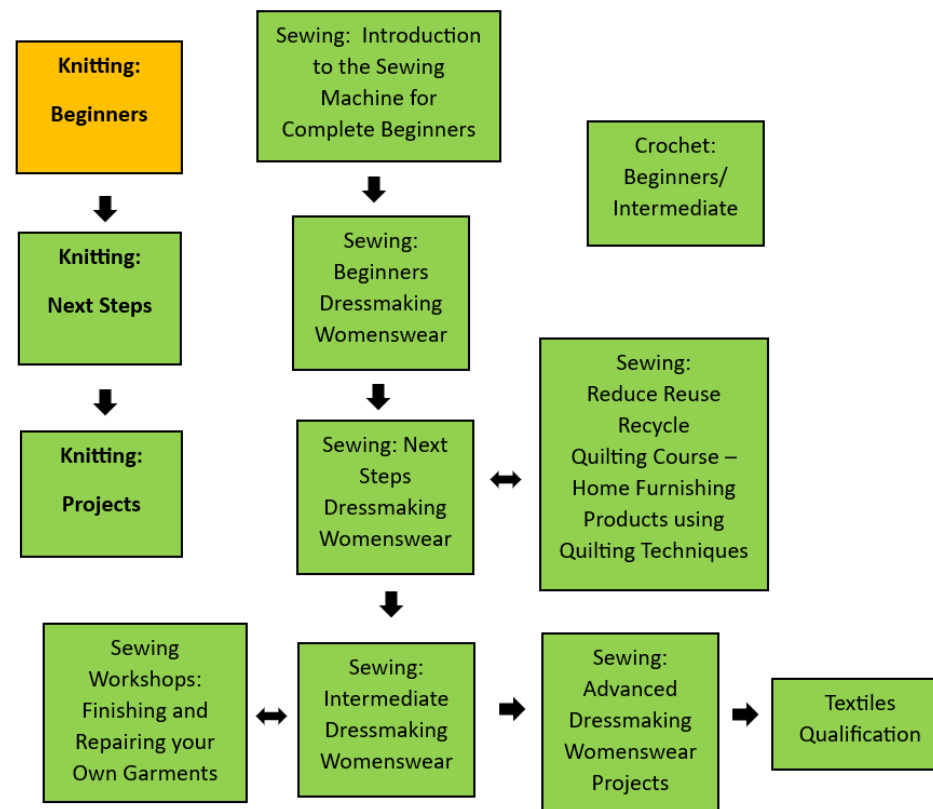

What is needed for the course?

You will be asked to bring your own pair of knitting needles and yarn for the course. Your tutor will advise you further.

If you need any additional support, please call us: 02085836000.

Multiply

Progression Pathway
